

ISSUES IN NATIONAL SECURITY

Lecture Series

The Issues in National Security (INS) lectures are specifically designed to offer scholarly lectures to the spouses, partners, and significant others of military/civilian employees assigned to the Naval War College and Naval Station Newport and its tenant activities, NWC Foundation members, and local-area retirees or active/reserve personnel. Participation is voluntary, and neither reading assignments nor written requirements will apply.

The INS lectures will be held on the campus of the Naval War College in Pringle Auditorium on select Tuesday afternoons from 4:30 PM to 5:45 PM. There will be at least 10 lectures offered during the period of January–May 2019.

These lectures are being offered to provide intellectual stimulation to the participants and no formal academic credit will be awarded. Participants who attend at least 80% of the lectures will be presented with a certificate that documents their completion of the Naval War College INS Lecture Series.

There is no requirement to sign up or RSVP for the lecture series. However, if you require base access or would like to request additional information, contact Prof. David Polatty: david.polatty@usnwc.edu
