

MOPC Reservists Info

MOPC is a 12-week course. MOPC is the stand-alone operational planners' course that develops planners capable of performing in high-tempo, fluid maritime operational environments.

Currently, MOPC is open to at least 6 SELRES Officers per year (O-3 to O-4) serving in planner billets for Numbered Fleet/Navy Component reserve units. These seats could flex depending on active component participation. Priority will be given to junior most qualified officers who have the most tenure remaining in a Numbered Fleet/Navy Component reserve unit. Three applicants for each MOPC class will be selected and alternates identified if other seats become available.

*CNRFC requires that all members interested in MOPC apply through their website at <https://private.navyreserve.navy.mil/cnrfc/N-Codes/N7/ADTSchools/default.aspx>, home to their N71-ADT Schools page. ONLY apply for dates that you are absolutely sure you will be available to attend by priority. We will not accept blanket applications. You will be placed on a list and receive a confirmation no sooner than 90 days prior to class date based on the number of available seats. We will also need CO endorsements. This is required whether you do or do not hold an AQD billet. **In the event that you do not hold an AQD billet, have your CO endorsement state as such.** You can find a copy of our CO Endorsement in the N7 Documents section of the above link. Please see below for important timelines.*

IMPORTANT TIMELINES TO CONSIDER

- **90 days** prior to your desired course start date, selected members will receive an email to confirm their availability for the course one last time. You will have **two weeks** to confirm your attendance before we move on to another SVM on our list.
- **65 days** prior to the start of the class, selected members will receive an email confirming their enrollment in MOPC, with a validated requirement number for them to build and route their orders.

****Your time to confirm is at the 90-day mark. If you end up dropping out of our course within the 65-day window prior to start date, you will be moved to the bottom of our waitlists moving forward.****
